

Goldfield's 118th Birthday Party went well thanks to a lot of folks.

The Society served cake, coffee, punch and history to 62 visitors (not counting the worker bees). And we were rewarded with smiles, lovely comments and donations.

This year was a bit more stressful than usual since our Community Center was booked on the dates we needed. So, Jeri and Steve Foutz offered the lovely big room at the Goldfield Stop for our celebration this year. Thank you, for leaping into the breach with the setup and decorations! Tim Hipp put together two large “sandwich” boards to point the way.

Brenda Gleffe (right), our Society Secretary, spent the day dishing out a LOT of cake along with help from wonderful volunteers who stepped up.

Our loyal guy-crew: Richard Koepnick, Ernie Ganem and Bob Wright put out and picked up the highway sign alerting travelers of our event.

Edie Koepnick, Joan Sieber, Jim Price and Richard Koepnick dressed in period costume and waved to the traffic! Our local “Dance Hall Babe,” Patti Beth was on hand as well. To our sorrow, we don't have a photo of her dressed to the teeth. She was a hit and the truck drivers loved her!

Special thanks to all the visitors who made this event a success!
